EXPLANATORY NOTE TO BE ADDED BY LEGISLATIVE COUNSEL
TO ANY FINAL BILL PRIOR TO INTRODUCTION.

Preamble

The Government of Ontario is committed to fostering the development of a clean, modern and reliable electricity system with a diverse supply mix. The Government is also committed to removing barriers to and promoting opportunities for renewable and clean energy projects.¹ These commitments can only be achieved if costs are shared fairly among consumers, today and in the future.

Electricity rates have risen for two key reasons. First, decades of under-investment in the electricity system resulted in the need to invest more than \$50 billion in generation, transmission and distribution assets to ensure the system is clean and reliable. Second, the decision to eliminate Ontario's use of coal and produce clean, renewable power has created additional costs.

The actions taken to achieve a clean, modern and reliable electricity system have resulted in significant costs to residential consumers today. The burden of financing these system improvements and funding key programs has unfairly fallen almost entirely on the shoulders of today's ~~those~~ consumers.

The Government of Ontario is committed to ensuring that the costs of financing these investments and the associated charges to consumers are allocated fairly among present and future generations of consumers.

Recognizing that the electricity infrastructure that has been built and the policy decisions that have been made will create benefits for years to come, costs should be allocated fairly over time, so that residential consumers in the future pay their fair share for the benefits that they receive from the investments already made.

Determination of invoice amount

Electricity provided by licensed distributor, retailer

6.01xx. (1) For the purposes of this Part, in circumstances where electricity would be provided to a regulated rate consumer by a licensed distributor or a licensed retailer, the invoice amount in respect of that consumer shall be determined as follows:

1. Calculate the sum of the following:
 - i. The commodity price of the electricity.
 - ii. Unless excluded by the regulations and subject to subsection (3), the charges set out in the applicable rate order issued by the Board under subsection 78 (3) of the *Ontario Energy Board Act, 1998*.
 - iii. Any adjustment on the invoice required under section 25.33 of the *Electricity Act, 1998*.
 - iv. The amount of any harmonized sales tax payable by the consumer under Part IX of the *Excise Tax Act* (Canada) in respect of the amounts mentioned in subparagraphs i, ii and iii.
 - v. Any other amounts as may be prescribed.
2. Subtract, from the amount determined under paragraph 1,
 - i. the amount of the financial assistance provided to the consumer under the *Ontario Rebate for Electricity Consumers Act, 2016* in respect of the amounts mentioned in subparagraphs 1 i, ii and iii, and
 - ii. such other amounts as may be prescribed, which may include amounts of the financial assistance referred to in subparagraph i in respect of the amounts mentioned in subparagraphs 1 iv and v.

Same, rate order

(2) For the purposes of subparagraph 1 ii of subsection (2), in respect of charges that relate to any compensation required under subsection 79.2 (10) of the *Ontario Energy Board Act, 1998*, the applicable rate order is the rate order in effect on April 30, 2017.

 - ii. A charge labelled as a “specific service charge” or “retail service charge”.
 - iii. A rate rider, other than a rate rider that has been prescribed.
5. Any other prescribed amounts.

Specified RPP Regulated rate consumer, first fair adjustment adjustments

6.1xx (1) ~~The rate for electricity payable by a specified RPP consumer~~ Despite any order under subsection 78 (3.1) of the *Ontario Energy Board Act, 1998* and despite section 79.16 of that Act, the electricity rates payable by regulated rate consumers for the period beginning on the effective date and ending on April 30, 2018 is the rate required for a specified RPP consumer who meets the prescribed criteria to receive a monthly ~~are the rates necessary to achieve the following outcome: the regulated rate consumer would be charged an invoice amount that is 25 per cent lower~~ less than the monthly invoice amount for that would be charged to that consumer under the comparison rate described in subsection (2).

Comparison rate

(2) The comparison rate is the rate that would be effective May 1, 2017, determined by the Board solely using the method prescribed by the regulations made under clause 79.16 (1) (b) of the *Ontario Energy Board Act, 1998*.

~~Same~~ (3) ~~For the purposes of subsection (2), the applicable method is the method on the day this section comes into force.~~ 1998, without regard to any other provisions of this Act.

Specified Other specified consumers (non-RPP), first fair adjustment

6.2xx ~~The rate for electricity payable by a specified consumer who is not a specified RPP consumer for (1)~~ For the period beginning on the effective date and ending on April 30, 2018 is the rate that would be necessary in order for [2018, the monthly global

adjustment rate] in respect of for a specified consumer who is not a specified RPP consumer (RPP) and who meets the prescribed criteria to be reduced by the same amount as the difference between the regulated rate consumer is the rate determined by applying the following steps:

1. Determine the monthly global adjustment rate that would be payable effective May 1, 2017 by the specified consumer, determined without regard to any other provisions of this Act.
2. Subtract the following from the rate determined under paragraph 1:
 - i. The comparison rate referred to in subsection 6.1xx (2) and the
 - ii. The rate determined under subsection 6.1xx (1).

Determination by Board

6.3xx The Board shall determine ~~the rates mentioned in sections~~section 6.1xx and 6.2xx no later than ~~seven~~fifteen business days after the day this section receives Royal Assent.

Implementation of rates

6.4xx Each electricity vendor, ~~[specified consumer who provides electricity to a sub-meter customer and unit sub-meter provider who provides unit sub-metering for a specified consumer]~~ shall, no later than seven business days after the day on which the Board determines the rates under section 6.3xx, ~~adapt its billing practices and its~~ invoices to reflect the new ratesaccordingly.

Effective date

6.5xx ~~The rates determined~~Board's determination under section 6.3xx ~~are~~is effective ~~on the earlier of the following days:~~

- ~~1. The first day of the month immediately following the last day of the seven-day period referred to in section 6.4xx.~~
- ~~2. July 1, 2017.~~

Transition

6.6xx (1) This section applies if an electricity vendor, ~~specified consumer or unit sub-meter provider~~ is unable to comply with section 6.4xx for one of the following reasons:

1. There are fewer than seven business days between the day of the Board's determination ~~of rates under section 6.3xx and the effective date~~July 1, 2017.
2. Technical or operational reasons.

Confidential – Draft for discussion purposes only

Same

(2) In the circumstances described in subsection (1), the electricity vendor, ~~specified consumer or unit sub-meter provider shall, (a) adapt its invoices as soon as possible and, in any event, no later than August 1, 2017; and 2017.~~

Same

~~(b) 3) The electricity vendor shall ensure that, if any of its specified consumer or sub-meter customer invoiced at a rate higher than the applicable rate determined by the Board consumers have been invoiced in a manner that does not reflect the rates determined under section 6.3xx as a result of the failure to comply with section 6.4xx, the specified consumer receives the difference between the rate amounts shown on their invoice and the applicable rate amounts payable under the rates.~~

Same

~~(4) Any amount that a specified consumer is eligible to receive under subsection (3) shall be provided as a lump sum credit on the first invoice issued received after the invoices have been electricity vendor has adapted its invoices or by such other means as may be prescribed by the regulations.~~

Subsequent fair adjustments

~~7xx. The (1) Subject to subsection (2), the Lieutenant Governor in Council may make regulations prescribing prescribe the methodology to be applied by the Board to determine rates for electricity rates payable by prescribed classes of specified consumers and sub-meter customers during the period beginning on May 1, 2018 and ending on after April 30, 2022. 2018.~~

Limitation, fair adjustments after April 30, 2021

~~(2) Any prescribed methodology to be applied in respect of a reference period after April 30, 2021 shall have regard to the following:~~

- ~~1. The fair allocation amount in respect of the reference period.~~
- ~~2. Any clean energy adjustments payable in respect of the reference period.~~
- ~~3. Such other matters as may be prescribed.~~

Sub-meter customers metering

~~7.1xx A(1) This section applies if a specified consumer who provides to another person electricity to a sub-meter customer and any in respect of which a rate is determined under this Part.~~

Same

(2) If an invoice for the electricity is issued to the person by the specified consumer or a unit sub-meter provider who provides providing unit sub-metering for the specified consumer shall ensure that the rate payable by each sub-meter customer is the applicable, the rate for the electricity that is payable by the person who is liable to pay the invoice is the rate that reflects the rate determined under this Part.

PART III CLEAN ENERGY ADJUSTMENT

Specified consumers to pay

8xx. (1) Upon receipt of an invoice from an electricity vendor that includes an amount in respect of the clean energy adjustment, a specified consumer shall pay the amount to the electricity vendor, as agent of the investment interest owners, in accordance with such terms of payment as may be specified in the invoice, which may include terms relating to late payment fees and interest charges.

Same

- (2) For greater certainty, subsection (1) applies regardless of,
- (a) whether the clean energy adjustment was determined in a manner that was inconsistent with this Act; and
 - (b) whether the amount payable in respect of the clean energy adjustment relates to funding obligations that were incurred in a manner that was not in material conformity inconsistent with the Financing Plan, including any failure to provide for the reasonable alignment of the estimated finance amount with the fair allocation amount.

Indebtedness of specified consumer

(4) An unpaid amount that is required to be paid by a specified consumer under this section constitutes indebtedness of the specified consumer to each investment interest owner to the extent of each owner's respective interest in the investment asset.

Same

(5) The indebtedness mentioned in subsection (4) is a single and separate debt obligation owed by the specified consumer and may be enforced independently from any other payment obligation or indebtedness owing by the specified consumer.

Recovery from sub-meter consumers

(6) A specified consumer who provides electricity to a sub-meter customer may recover collect amounts in respect of the clean energy adjustment payable under this

section from each sub-meter customer on a pro rata basis in accordance with the regulations.

Irrevocability of amount

9xx. (1) An amount in respect of the clean energy adjustment shown on an invoice issued to a specified consumer under this Act is determinative of the amount of the consumer's indebtedness resulting from the clean energy adjustment and is irrevocable upon invoicing the consumer and may not be set off or by passed.

Exception

(2) Subsection (1) does not apply to the extent that there is a clerical, typographical or calculation-related error by the electricity vendor.

Determination of clean energy adjustment

Financial Services Manager to determine

10xx. (1) The Financial Services Manager shall determine the clean energy adjustment payable by all specified consumers in respect of each month in a reference period by adding the estimated finance amount in respect of the reference period to the true up amount in respect of the reference period taking the following steps:

~~Estimated finance amount, true up amount~~

~~(2)-1. Calculate the sum of the following:~~

~~i. The estimated finance amount and in respect of the reference period.~~

~~ii. The true up amount shall be determined in accordance with the regulations in respect of the reference period.~~

~~2. Divide the sum calculated under paragraph 1 by the number of months in the reference period.~~

Regulations re true up amount

~~(3) The regulations under subsection (2) shall~~ Lieutenant Governor in Council shall, in making regulations with respect to the determination of the true up amount, have regard to the following principles:

1. The true up amount should serve to ensure that the collection of the clean energy adjustment is sufficient to pay the finance amount when it is due.
2. The method for determining the true up amount should take into account historical and reasonably foreseeable,

- i. differences between the estimated and actual finance amount for the ~~immediately preceding~~applicable reference period,
- ii. differences between amounts invoiced and amounts collected due to various factors, including applicable taxes, consumer defaults and delays, billing lags and write-offs, and
- ii. variations in billings due to variations in electricity consumption

Financial Services Manager to notify Board

(4) The Financial Services Manager shall, in accordance with the regulations, notify the Board of the clean energy adjustment in respect of a reference period and such other information related to the determination of the clean energy adjustment as may be prescribed.

Board to determine rates

(5) ~~The~~Without changing the clean energy adjustment, the Board shall, in accordance with the regulations, determine the rate at which specified consumers are invoiced to recover the clean energy adjustment in respect of the reference period.

IESO to receive amounts

11xx. (2) The IESO shall, as an agent of the investment interest owners, receive amounts in respect of the clean energy adjustment paid to it from electricity vendors in accordance with the regulations and the market rules made under section 32 of the *Electricity Act, 1998*.

Account

(3) All of the following amounts received by the IESO shall, until paid to or for the benefit of the investment interest owner in accordance with subsection (5), be deposited promptly into an account established for the purposes of receiving those amounts:

1. Amounts described in subsection 11xx (2).

FAIR ALLOCATION AMOUNT

~~Financial Services Manager~~Minister to calculate fair allocation amount

15xx. (1) ~~The Financial Services Manager~~Subject to subsections (2) and (3), before the first funding obligation is incurred, the Minister shall calculate a fair allocation amount in respect of each reference period, having regard to the need to align that amount with the finance amount payable during the reference period, for the purpose of fairly measuring and allocating the estimated clean energy costs and estimated clean energy benefits among the specified consumers in respect of the reference period applying such method as the Minister considers appropriate and in accordance with the following steps:

~~Timing of calculation~~

~~—(1.1) The Financial Services Manager shall calculate a fair allocation amount in respect of each reference period before any funding obligation is incurred [by a financing entity during the reference period].~~

~~Amount~~

~~—(1.2) The fair allocation amount in respect of a reference period is the sum of the following amounts:~~

1. ~~The amount, if any, by which, if this Act had not been enacted, Determine the estimated clean energy costs and estimated clean energy benefits allocated to specified consumers in respect of the reference period would have exceeded the estimated amount of the adjustments provided for under section 25.33 of the Electricity Act, 1998 and the regulations made under that provision that would have been borne by the specified consumers in respect of clean energy costs for the reference period.~~
2. ~~A portion of the value of any fair adjustment that has been made under Part II in respect of any previous reference period. Determine the estimated reduction in the amounts payable by specified consumers as a result of rates determined under Part II in respect of all previous reference periods, including the estimated reduction in amounts that would have been payable by specified consumers in respect of clean energy costs under the monthly global adjustment rate in the absence of this Act being enacted.~~
3. ~~Determine the amount, if any, by which the determination under paragraph 1 exceeds the determination under paragraph 2.~~
4. ~~Calculate the sum of the amounts determined under paragraphs 3 and 4 and such other amounts as may be prescribed.~~

Principles

(2) In calculating ~~the estimated clean energy costs and estimated clean energy benefits to be allocated to specified consumers in respect of a reference period, the Financial Services Manager shall [comply with the regulations and] each fair allocation amount, the Minister shall~~ have regard to the following principles:

1. ~~Clean~~The purpose of calculating a fair allocation amount is to measure and allocate the estimated clean energy costs and estimated clean energy benefits fairly among the specified consumers in respect of each reference period.
2. Calculations should be made having regard to the need to align each fair allocation amount with the estimated finance amount payable during the reference period.
3. Estimated clean energy costs allocated to specified consumers in respect of a reference period should be allocated in proportion to the estimated clean energy benefits attributed to the specified consumers in respect of the reference period.
2. ~~The clean energy benefits allocated to the specified consumers in respect of a reference period should be determined in accordance with the regulations.~~4. Such other principles as may be prescribed.

Assumptions

~~3. The~~(3) In calculating each fair allocation calculation should include reasonable amount, the Minister shall make such assumptions as the Minister considers to be reasonable regarding the following:

- i.1. The time value of money or the rate of inflation, for the purpose of equating nominal amounts over time.
- ii.2. The expected number of specified consumers in respect of each reference period.
- iii.3. The expected electricity consumption rates in respect of each reference period.

Method

(3) ~~The Financial Services Manager shall calculate a fair allocation amount in accordance with such methods as the Financial Services Manager considers appropriate, having regard to the requirements of this Act.~~4. Such other assumptions as may be prescribed.

Minister to provide amount to Financial Services Manager

(4) The Minister shall provide the fair allocation amount in respect of each reference period to the Financial Services Manager.
