We were fine with the most recent draft. So assuming it doesn't change materially I think we are ready to sign.

Thanks Victor. On #2, OFA's internal discussions are coming to an end in my understanding.

Tom, just wondering how things are on your side.

On the #1 and #3, once #2 gets done, it would be taken care of by my colleagues at the OFA, I believe.

Hi John. I believe Anthony will be touching base with OFA on certain issues. Separate from that, in terms of the status of the documents, this is where things currently stand as I understand it:

(i) On Friday afternoon, I sent back to OFA a markup of the draft FHP Credit Agreement, mostly to conform the Intercept language in the Credit Agreement with that in the Intercept Letter itself – so we will need to see a revised version of this document;

(ii) Intercept Letter – I understood that there were still some internal reviews going on concerning the most recent draft, so I am not sure if we have seen a final version of this document;

(iii) Existing Credit Agreement – we have not received a revised version of this agreement showing the insertion of the Intercept language and the additional permitted liens language – I understand that is expected to be available soon.

Hi all,

I am anticipating on our side being ready today to get the signature.

Just doing a quick check to see that everyone is ready. Please advise if any last minute comments.

Thanks,

John

No, there isn't a 'the'.

I'll send this version up and let you know if we have any concerns.

Tom.

Hi,

Pls. have a look at the latest and let us know if you have any comments.

Just a minor question. Is there a "the" in front of the Ontario Climate Change Solutions Deployment Corporation?

Could we all have a final look and consult in respective shops?

Thanks,

John

Edits Oct 24_v3.docx

Hi John.

1. The changes made are acceptable except for those made to the penultimate paragraph – please amend this para to read as follows:

For further certainty, the OFA and ENERGY acknowledge and agree that the intercept provision as provided for herein, and this letter agreement generally, shall not apply with respect to any funds appropriated by the Legislature for payment to the IESO through ministries other than ENERGY or through Ontario Climate Change Solutions Deployment Corporation.

2. Re the “[Energy to confirm]” comment, we are ok with the sentence as written and don’t need to confirm anything further.

3. Kimberly Marshall would sign the Intercept Letter on behalf of IESO.
