Would be very interesting? I recall there was page in what might have become the technical briefing re distribution by geography?

Reena and Kim,

I've added a short paragraph to the President's report piece on Fair Hydro summarizing Fair Hydro Trust's issuance of the asset backed notes. It might actually be interesting for the Board to also see the news release since it summarizes who the investors were. Board members might find this interesting. Or perhaps a link to the news release could be provided. Anthony could provide that if you think it would be useful.

Hi Reena,

John is suggesting the memo summarizing the changes to the agreements be posted/distributed to the board this week, rather than as part of the materials for the upcoming board meeting. This is because the Nov 22 resolution required reporting back to the board following finalization of the agreements, or at the latest the next following board meeting. If we send the memo now in advance of the board meeting, I could prepare a short note for the President's Report as well that would cover:

- Finalization of the agreements in December;
- First transfer in December (already in Anthony's treasury update to Board as well)
- Short piece on status of OPG's public offering (Kim do you have details on this that we could add?)

Kim, anything else you would want included?

Michael

Hi Michael –

Is there a truncated version of your memo that you would like included in the President's Report? Or would you like to leave it as a standalone agenda item?

Thanks,
Reena
