Attached are the materials that I personally shared with the ministry. I have not included materials on Bala or WPD as I don't think they are captured in this request, but please confirm. Also note, I have not reviewed them yet for confidentiality/ commercial sensitivity, but sharing with the group for your review in the interest of time.

Anushka confirmed with me yesterday that the requester is also looking for emails regarding the analysis and staff opinion on this subject matter. I imagine I would be one of the custodian mailboxes. I believe Peter would also be captured in this.

Subject: NEW: FOI Request 2018-026

All,

A response is due by August 7, 2018.

We received a Freedom of Information request for "all briefings or documents estimating the potential adverse costs related to the government's recent cancellation of 758 renewable energy contracts."

Please provide me with a list of custodians, file paths to where the relevant records are stored and relevant keywords that I should search for on emails or records discussing this matter. Please also provide any hardcopy notes that are different from those saved on the network drives.

Thanks,
