Hi Mansoor, are you trying to balance the June figures?

Basically the OFHP balance s/b the net of the 2 gl accounts 215010 and 215020.

Has Olga been able to confirm the interest? >entries done by them

The schedule requires updating.. but you will see that the amounts that I have highlighted in green should match the OFHP balance in variance account for June to Sept. Updating is required from Oct etc.

Hi Natalie,

Per YE Rec file, the bal is \$239.45m vs \$239.51 Settlement, var 0.06.

The interest amount in ac 215020 is only about \$700?

I still think we need to verify the accrued interest for March.

Hi Susan, Natalie and Mansoor

We've adjusted the report to include the opening balance for RPP account and are now reconciled with the GL for OFHP cumulative of \$1789. Please see attached updated report.

The opening balance of \$103 million was added to the June 2017 figure.

Natalie and Mansoor – please see attached the report prepared by Settlements to report FHP transactions to the Ministry.

We just had our first meeting on the report and I note that our figures in the statutory report are different (see below). One difference will definitely be the opening balance from the old RPP account (can you please pull that number)

OFHP cumulative \$1685 vs \$1789

OFHP balance March 31st \$149.60 vs \$149.84 - Olga is the interest for March \$0.24 million

Can I ask that you please look into this immediately. I do not want to send our statements to Carole Workman before this has been reconciled.

Thanks.
