

Safeguarding Our Assets

- We all have a responsibility to use assets appropriately and protect them against theft, loss, destruction, unauthorized access and misuse.
- No improper use of IESO systems (e.g. gambling, games, video entertainment, unauthorized downloading, offensive material, etc.).
- Occasional personal use permitted but must not interfere with the performance of our duties.
- No expectation of privacy when using IESO assets
 - IT logs the use of assets for security and administration purposes
