Hello,

As requested, here are some notes from the ELT debrief this morning. Those who also attended, please feel free to jump in if I've missed anything:

Fair Hydro Plan

- The government is currently trying to meet 3 objectives while figuring out how to implement their announced plans with support from the IESO and OEB:
 1. Defending the constitutionality of the plan

2. Maintaining clean books
 3. Ensuring the plan is financeable
- If you weren't at the meeting and would like more details, I'd be happy to give you more of an update in person on Monday.
