Proposed amendments to O. Reg. 275/04 made under the Ontario Energy Board Act, 1998 (OEBA); proposed amendments to O. Reg. 442/01 made under the OEBA; proposed regulations under the Ontario Fair Hydro Plan Act, 2017 (OFHPA), if passed; and revocation of spent provisions of O. Reg. 364/16 made under the Ontario Rebate for Electricity Consumers Act, 2016 (ORECA).

ENERGY is proposing to amend existing regulations and introduce new ones related to electricity invoicing to implement the changes introduced by OFHPA, if passed. These proposed amendments would remove outdated informational messaging from invoices; introduce new messaging requirements related to OFHPA initiatives; and inform customers about resultant bill impacts. These amendments would also exempt Hydro One from specified requirements, as appropriate.
