- (q) to assist the Board by facilitating stability in rates for certain types of consumers;
- (q.1) to exercise the powers and rights and to perform the duties and obligations assigned to it under the *Ontario Fair Hydro Plan Act, 2017* and to engage in activities to facilitate the implementation of the *Ontario Fair Hydro Plan Act, 2017*, including,
- (i) entering into agreements or arrangements with any person for the purposes of the *Ontario Fair Hydro Plan Act, 2017*,
 - (ii) engaging in activities related to making payments to and receiving payments as contemplated under the *Ontario Fair Hydro Plan Act, 2017* and related settlement activities,
 - (iii) engaging in activities related to the transfer and administration of the regulatory asset created under the *Ontario Fair Hydro Plan Act, 2017*, which activities may include,
 - (A) incurring liabilities in relation to the regulatory asset,
 - (B) transferring the regulatory asset under section 26 of the *Ontario Fair Hydro Plan Act, 2017* for consideration, and
 - (C) acting as a recovery agent under the *Ontario Fair Hydro Plan Act, 2017*;

Fees

- 25.1** (1) The IESO may establish and charge fees to recover,
- (a) the costs of anything done in connection with the IESO-controlled grid or the IESO-administered markets;
 - (b) the costs of doing anything the IESO is required or permitted to do under this or any other Act; and

(c) any other type of expenditure the recovery of which is permitted by the regulations, subject to any limitations and restrictions set out in the regulations. 2014, c. 7, Sched. 7, s. 3 (1).

Does this not mean we cannot charge directly to the regulatory asset for any of our labour i.e whatever IESO employees do for OFHPA should be part of our fee?
