Good afternoon everyone,

You may have noticed in your calendars a Transmission Procurement meeting scheduled for next Wednesday. The purpose of this meeting is to outline to our three VPs, following the recent reorganization, the ongoing activities of the Transmission Procurement Working Group and some initial recommendations the Working Group is seeking guidance on. Attached is a draft of the briefing note that we're planning to distribute ahead of time to guide the discussion. Also included are three background draft BLG memos that will be attached to the note. We're hoping to send this out to Terry, Leonard and Mike by EOD Friday, so let us know if you have any comments, questions or concerns.

Regards,
