DELIVERED BY EMAIL

Dear Ms. Walli,

**RE: EB-2017-0049 Hydro One Networks Inc. Distribution Rates Application,
2018 - 2022**

Please be advised that I have been retained to assist the intervenor Arbourbrook Estates Homeowners Group (Arbourbrook) with respect to their intervention in this application. My retainer on behalf of Arbourbrook has been entered into with the permission of my existing client the Balsam Lake Coalition (Balsam Lake); accordingly I will be assisting both Arbourbrook and Balsam Lake in this proceeding.

Please find enclosed the interrogatories filed on behalf of Arbourbrook in the above noted proceeding.

If there are any questions about the interrogatories please do not hesitate to contact the undersigned.

Yours very truly,

Michael R. Buonaguro

I. COST ALLOCATION AND RATE DESIGN

46. Are the inputs to the cost allocation model appropriate and are costs appropriately allocated?

Arbourbrook I46-2

Ref.: Email Exchange between Hydro One and Phil Sweetnam

- a) Please identify the total number of residences in the area referred to in the Email exchange between Hydro One and Mr. Phil Sweetnam, both on July 10, 2013 and the present.
- b) Please confirm the density classification for residences referred to in the email exchange between Hydro One and Mr. Phil Sweetnam and located on William Mooney Rd, Covered Bridge Way, Sentinel Pine Way, Wilbert Cox Drive, Cavanmore Rd, and Huntley Manor Drive:
 - i) on July 10, 2013, and
 - ii) the present.

Please note that Arbourbrook is not seeking information about specific addresses.

- c) Each time the density classification for any of the residences referred to in part a) was changed from one classification to another between July 10, 2013 to the present please describe the nature and cause of the reclassification. Arbourbrook notes that it is not seeking information about specific addresses; Arbourbrook is seeking information about the numbers of residences that experienced density reclassification over the noted time period and the causes for the reclassification.
- d) How often does Hydro One review density classifications on its own initiative? How often did Hydro One review, on its own initiative, the density classifications in the area referred to in the Email exchange between Hydro One and Mr. Phil Sweetnam between July 10, 2013 and the present? Please provide the details of any such review of that area.
- e) When one customer seeks a density classification review and the result of that review is a reclassification, does Hydro One go on to change the classification for the customers in proximity to the initial customer? If not why not? Does Hydro One notify the customers in proximity to the initial customer that they are entitled to a reclassification? If so, how is that notice given? If not why not?
