Subject: FYI - Summary of the Ministry of Energy's LDC Information Session on the Fair Hydro Plan

The Ministry of Energy hosted an LDC information session yesterday on Ontario's Fair Hydro Plan. Adrian and Denise Myers, from Settlements, participated from the IESO. Attached are Adrian's summary notes as well as the agenda and PowerPoint for the session. Most of the work on the Fair Hydro Plan is being coordinated through Corporate Services given the impact to Settlements and our accounting practices. Adrian and I are staying involved so as to stay on top of any implications with the OEB. We haven't received a lot of information as yet on the actual implementation of the plan but will keep everyone posted.

If you have any questions, please do not hesitate to contact Adrian or I.

Cheers,
-Tam-
