Subject: RE: draft IESO reply letter to parties comments on the draft issues list - revised and for your review

Attached is a revised version based on your comments and edits. A section responding to ED has also been added and edits related to the Fair Hydro Plan suggested by Anthony Martinello have been incorporated.

Please review and then we can send to Fred.

Adrian

Hi Adrian:

This looks good! I've made edits to tighten the language in some areas and strengthen the language in other areas. I do have a couple of comments throughout and we will need to get the language re the Fair Hydro Plan fact checked (I would suggest Anthony Martinello). I think we just need some language for the losses section and we're good to go for Fred's review.

Happy to discuss. I should be available until about 11:30 this morning or here and there in the afternoon (although the phone at my desk isn't working so you'll have to call my cell 647-549-2835).

Thanks,
-Tam-

Hi Adrian:

I've had a review of this and have made some edits and added some comments. I do want to have another review in the morning with fresh eyes so will send you my edits then.

Cheers,
-Tam-
