Terry,

Per our conversation this morning, please find attached the slide on conservation amortization that includes the rate and cost impacts of the initiatives. This is for back pocket at the meeting tomorrow should the Premier ask directly about the impact on ratepayers and system costs.

Cheers,

Jordan

Good morning,

Please find attached the final presentation that was shared with the Premier. You'll notice that the "black line" representing the 2015-2016 actuals for Toronto Hydro customers has been removed at the request of the Ministry.

Regards,

Jordan
