Good Afternoon RWG Members

I am pleased to announce that on Friday Dec 16, both our business cases (HVAC and ICP) were endorsed by CFIC, and based on their endorsement, the new business cases were officially submitted to IESO for review this morning.

I want to thank all of you for the tremendous support to me and your ongoing efforts over the last year in developing these next generation CDM programs. I truly believe both programs will be very successful and will be the vehicle to enable future CDM technologies to assist our residential sector with their conservation efforts.

It's been an incredible pleasure to work with each of you throughout this journey!

All the best and have a very happy and safe holiday,

John
