Subject: Short note on energy efficiency financing pilot
Attachments: 2018-02-16 BN EE Financing Pilot.docx

Hi Terry,

We have drafted the attached short note to outline the proposed energy efficiency pilot program. I would like it to include some content on proposed timelines and next steps (note currently has only a placeholder for that). Could I ask IESO to please add? Also, if you have any corrections or additional information regarding rationale/purpose that you think would be useful to include please let me know, keeping in mind that intent of the note is to provide a high level status update. For example, we haven't articulated IESO's expectations regarding learnings from the pilot and potential to inform future policy/program decisions; I think that would be good to include.

If I could get your feedback this afternoon please, that would be greatly appreciated.

Thanks.

Kaili
