Subject: RE: OFHP implementation issues

Hi Tim,

Thanks, I am available. We are targeting to have the Part II reg. finalized by May 19. The work we have already done on the draft Bill should help us hit the ground running.

Dan

Subject: OFHP implementation issues

Hi all, as mentioned briefly this morning I think we would benefit from an in-person meeting to discuss some OFHP implementation issues that we'll need to resolve before drafting the regulations. My list includes:

- 1) OEB calculation of GA modifier
- 2) IESO publishing/settlement of GA modifier
- 3) Need (if any) for LDC billing system changes
- 4) Need (if any) for amendments to 429/04
- 5) Variance tracking for both RPP and non-RPP customers

I propose meeting Monday afternoon to walk through these. Let me know if a 1:30-3:30 timeslot works – I'd like to give us lots of time with the option to break early. Also add any other issues to the list, and canvass any relevant staff for additional issues/availability for the meeting.

Tim
