Hi Tim,

This time slot works for us. Will you be sending out an invite?

Thanks
Michael

Subject: OFHP implementation issues

Hi all, as mentioned briefly this morning I think we would benefit from an in-person meeting to discuss some OFHP implementation issues that we'll need to resolve before drafting the regulations. My list includes:

- 1) OEB calculation of GA modifier
- 2) IESO publishing/settlement of GA modifier
- 3) Need (if any) for LDC billing system changes
- 4) Need (if any) for amendments to 429/04
- 5) Variance tracking for both RPP and non-RPP customers

I propose meeting Monday afternoon to walk through these. Let me know if a 1:30-3:30 timeslot works – I'd like to give us lots of time with the option to break early. Also add any other issues to the list, and canvass any relevant staff for additional issues/availability for the meeting.

Tim
