Hi Michael

I sent you a few messages which just came back as bounce. Hope you get this one. We should speak as James is currently working on reg amendments. I will make myself available through out the day.

Thank you
Alena

1pm today works for me, as does 1pm on Monday (not sure which one you meant).

From a reporting and settlement perspective, I may not be able to comment. Jeannette is back on the 20th and would be better able to address these issues.

Does 1pm work?

I'd like to make sure there are no other options before we start down the GA path as it will prove to be quite complicated. From my initial thinking, we'd need to construct two new GA classes (Class A OFHP-eligible, and Class B OFHP-eligible), and allocate costs specifically to those classes, as opposed to the general pool of costs that the GA structure uses now. There would be issues with reporting and settlement that would have to be worked out as well.

Hi Tim,

It looks as though I will be in a meeting with OPG Monday morning to discuss LC issues and the master transfer and servicing agreement. Would it be possible to have this in the afternoon? I also have some time later this afternoon if that worked on your side.

Michael

Michael, would you be available at 9 on Monday to discuss interest during the first 4 years of OFHP? I want to ensure we've looked under all stones before going with GA.

Tim
