We will accommodate the new proposed time on Tuesday and will try to get a product to you by EOD Monday.

Good Afternoon:

I'm trying to pass this legislation and therefore had to change Minister's calendar for next week's briefings to accommodate games in the Chamber that both Opposition parties are tossing at us.

Really wish we can find a way to make things work. Francesca has a new proposal tracking, that we hope can be accommodated.

After the week that we've had here, really sucks that we need to also deal with this sort of administrative item.
