Subject: RE: Fwd: Technology Future briefing

Thanks Peter. Yes, let's add it to our next agenda. It would also be helpful if you could share any work that Edward has already pulled together for context.

Subject: Fwd: Technology Future briefing

Serge,

Please see the exchange below. Tim and Steve were chatting recently and this was the outcome.

I want to ensure that the planning for this is done through your office. We can provide the thought and support.

Can we discuss at our next meeting?

Peter

Yes, please work through Serge, but I would like to be involved.

Thanks

Thanks Tim. We would be very happy to engage in this discussion. Steve, shall I work through Serge to arrange?

Thanks

Peter

Steve,

Please excuse the delay in getting back to you on this. I have talked to Peter Gregg about arranging a briefing for you and [other officials you might choose] on the future technological changes that may occur in the bulk power system. Edward Arlitt at the IESO heads up a North American committee that has that topic as its central mandate. By copying this to Peter i am asking him to follow up with in

arranging an initial briefing session. As per your request, I will plan to attend any such session that is established.

Tim
