Subject: Energy Staffing Update

Good Afternoon:

As previously announced, I am departing my role at the Ministry of Energy and as member of the Ontario Public Service. Today will be my final day at the office.

Until a permanent successor is named – please take note of the following division of responsibility:

James Berry – Director of Communications | 416-327-3551

- Communications Planning, Minister's Schedule & Tour
- Senior support for Issues Management, Media Relations & Communications

Landon Tresise – Director of Operations & Stakeholder Relations | 416-325-4046

- External Relationships & Stakeholder Management
- Senior support for Northern Regional Issues; Caucus Liaison & Public Appointments

Matthew Whittington – Director of Policy | 416-327-6745

- Cabinet Submissions
- Energy Agency Relations

Matt, Landon and James will provide continuity of service until a new Chief of Staff is named, in the near future.

In conclusion, I'd like to thank the many people who have helped me learn, grow and thrive in this environment. I started as an intern in the McGuinty Government's first mandate and depart as a Chief of Staff, having participated in some exciting and fascinating public policy files and debates.

Far too many people to thank in a note of this nature (but am loathe to be silent) so I will make two broad and sweeping generalizations:

Firstly, to the political staff, past and present who I have worked with, around and for – when the days got long, the files challenging and we thought we were done for – your passion, energy and optimism pulled me through. For several years, you've held me up and allowed me to stand on your shoulders; and on a few occasions accept praise and congratulations for "job well done". These have always been shared accomplishments made possible by the fantastic teams that have come together over the years. I am in your collective debts.

Secondly, to the Ministry and Agency officials, past and present at MTO / MOI (Infrastructure Ontario & Metrolinx) but most especially at the Ministry of Energy, Ontario Power Generation (OPG), Independent Electricity System Operator (IESO) & Ontario Energy Board (OEB) – all of the work that has been accomplished, we have managed through together. I have learned an incredible amount and it is all owed to your patience, guidance and strategic support. I

came to this role as part of a Cabinet Shuffle in February 2013 and I didn't know the difference between capacity and energy and while I know that I have a heck more to learn, I have benefit tremendously from your mentorship. "Thank You!" doesn't even begin to cover it.

For future reference : telandrew@gmail.com and 416-436-6370

Take care & Happy New Year!

Andrew Teliszewsky

Chief of Staff | Office of Hon. Glenn Thibeault

Ministry of Energy
