6	Please include forecasts up to 2030 if possible for the cost of service tables on slides 42 and 43 of OPO Module 1, as well as the key assumptions in the forecast (e.g. amount and cost for new supply resources).	PAO	Andrew Pietrewicz		
7	Please clarify how the Fair Hydro Plan’s refinancing of the Global Adjustment is treated in the above cost of service forecasts.	PAO	Andrew Pietrewicz
