Yes, was just about to email you.

March 28:

- 12:00 – DM/CoS (see attached products):
 - o Enhancing Commitment to Conservation v4
 - o LTEP Themes v1.2
- 4:00 p.m. – Minister's briefing (see attached products):
 - o Encouraging Greater Customer Choice
 - o Renewables

For the conservation briefing at noon tomorrow, Terry will also be in attendance. For the Minister's briefing in the evening, I will be reaching out to JoAnne and Darryl to see if one of them can make it as well.

Do you have any more insights on what is being addressed in each of the upcoming LTEP briefings?
