Flag: Follow up

Shruti, thanks again for the discussion. To recap, IESO will provide the data to for Modules 1 through 6, with the exception of item #2 in Module 4, and items #1 and #2 of Module 5. The Ministry will be hosting the modules on your website, and will develop the materials (decks, figures, tables) describing the Ministry's assumptions and analysis, and the draft spreadsheets for the IESO data (including any context/narratives that may be needed). It's appropriate for the Ministry to post the modules, along with the LTEP and the other studies that you may release, so it's all together (sort of a "one stop shop" for readers); it's also consistent with the Act as you've noted.

Have a good weekend,
David
