All –

The ministry has invited the IESO to several “LTEP Themes” briefings from now until the middle of February – exact dates are included below.

For this week’s briefings, on January 25 and 26, specifically, ministry staff will run through the decks they have prepared (attached) for CoS input/feedback. As these products have not yet been shared with the Minister’s Office, an open discussion is expected at this week’s briefings. The IESO will attend as an observer and is expected to provide input, or answer any questions, as necessary.

A large audience is expected at these briefings so we have been asked to limit our participation. We have also been asked to confirm our attendance by end of day today. Please see below for our recommended attendees – please let me know as soon as possible if you’re able to attend.

January 25, 3:00 – 4:30 p.m.

- 3:00-3:30: Encourage Greater Customer Choice – Mike Lyle, Terry Young, GA attendee (TBD)
- 3:30-4:00: Regional Planning – Mike Lyle, Terry Young, GA attendee (TBD)
- 4:00-4:30: Enhance Commitment to Conservation – Mike Lyle, Terry Young, GA attendee (TBD)

January 26, 11:00 a.m. – 12:30 p.m.

- 11:00-11:30: Maximize the Use of Existing Assets – Mike Lyle, JoAnne Butler, GA attendee (TBD)
- 11:30-12:00: Enhance Market Based Outcomes – Mike Lyle, JoAnne Butler, GA attendee (TBD)
- 12:00-12:30: Renewable Energy – Mike Lyle, JoAnne Butler, GA attendee (TBD)

Additionally, attached is an overview deck of the LTEP process from a recent briefing with the Minister. It gives a sense of the timelines (targeting end of April for final LTEP product), and a quick overview of the feedback provided by stakeholders. Please note, the ministry has also shared key stakeholder submissions with the IESO which Government Affairs is currently summarizing in one document. This summary will be shared this week.

Further updates will be provided as they come in.

Cheers,
Anthony
