Chuck,

Andrew was able to track down a draft version of the LTEP discussion guide being prepared by the Ministry. I am attaching it for your awareness, as at some point we may be asked to provide our feedback.

In terms of the overall LTEP consultation process, I also had a conversation today with the DMO and they will be scheduling a meeting with the D/MO shortly to ensure everyone is on the same page, and roles are clarified.

I believe you have been working with communications and planning to coordinate the consultations, but let me know how we can assist.

Cheers,

Jordan
