Hi Tim,

Please find attached some materials that we've prepared for the Sudbury session, including:

- Media scan
- RSVP list
- Itinerary for the day
- Travel logistics

I'll note that the RSVP list continues to grow, so I think we can expect around 40 people. But the attached gives a sense of the types of stakeholders who are confirming attendance.

I'm just running through some logistical details now before our events team heads out, but happy to give you a call on logistics early afternoon.

Thanks,
Hillary
