**Subject:** 2017 LTEP Modelling Assumptions

Hello,

Please find attached a summary of the modelling assumptions for the reference outlook to inform the Ministry of Energy's 2017 Long-Term Energy Plan. The document also includes the IESO's responses to ENERGY's questions and comments received from ENERGY staff on April 1, 2017.

The document reflects the IESO's understanding of the assumptions to be assumed for the 2017 LTEP based on IESO/ENERGY discussions between February and April 2017.

Note that the document is redline to track edits.

In order to proceed with analytics, the IESO is seeking Ministry sign off on this document no later than tomorrow **Friday April 7, 2017**.

Thank you,
