Thanks David. For future President's reports we could include a summary of the key initiatives including key risks as part of the CCR update. We do have a summary of LTEP in this next edition but we should broaden that. You may want to discuss with Rouselle who manages the creation of the CCR update

Chuck, so you know, here is what I will suggest to Reena for the President's report for the table on Ministry Briefings. It's not very informative and could be an area to add some colour to going forward.

Long-Term Energy Plan
Quebec-Ontario Electricity Trade
Market Renewal
GreenON
Conservation First and SaveONEnergy
PWU Negotiations
SME/MDMR
Fair Hydro Plan
