Subject: Afternoon Board Strategy Note

Terry,

To support the discussion at the Board strategy afternoon session, we have put together a short energy policy summary document that could be shared in advance. Beyond outlining the publicly available energy policy information, we also included a summary of our responsibilities and expectations during the writ period. The document is designed to help ensure that the Board has a starting point for the (current) party energy policies.

Apologies for the delay, but I understand this information is to be shared with ELT to discuss on Thursday.

Please let me know if you have any comments or questions.

Cheers,

Jordan
