Subject: FW: Impact of conservation on electricity rates
Attachments: The Impact on Conservation on System Costs and Electricity Bills Sept 15 2016 gf.docx

Dear all:

I know this document is a long one and that you are very busy, but was wondering if you might have time to take a look this week.

Please let me know.

Many thanks.

Glenna

Subject: Impact of conservation on electricity rates

Please find attached a revised draft note on the impact of conservation on electricity rates. This note reflects a great deal of input from Sal (thank you!) and therefore looks quite different from the first version you received. Your further input at this time to the ensure accuracy and completeness of this material would be greatly appreciated.

Many thanks.

Glenna
