1. Ladies and Gentlemen: you may be aware that (a) OPG's rate case before the OEB has begun; (b) OPG has filed some of our analysis on Pickering Continued Operations as part of their evidence; and (c) we answered a bunch of Board Staff Interrogatories last week.
2. As you'll see from the attached, "a few" intervenor interrogatories have arrived for us today.
3. For those of you on the "to" line of this email, I will be asking for your help on some of these. For those of you on the "cc" line, please consider this as fyi for now and revel in any schadenfreude as applicable. I will go over these in greater detail and then I will arrange a brief meeting with you soon to discuss. In the meantime and based on a quick scan, here are some preliminary heads ups:
 - Rahul and Rebecca: please have a look at GEC 43(a)
 - Simon and Humphrey: please have a look at GEC 576 (c) and ED 34 (c)
 - Conrad: please have a look at ED 38 to 41
 - Joyce: please have a look at ED 32 (a few of them asking about curtailment costs)
 - Alan: please have a look at ED 28 and ED 31
4. This is just a quick heads up, I'll set something up soon and we'll get better organized then. In the meantime, thank you very much for your attention and help. We've been asked to complete these responses by Wednesday next week – it will be "difficult".

Thanks again,

ap

Attached are the templates for the answers . OPG is asking that we make our best efforts to get answers to them by next Wednesday (Oct 12). With Monday being a holiday I told Bryan that would be pushing it as there are a lot more than last time and with some requesting analysis. We would do our best and send over answers as they are completed and reviewed.

Once you have had a chance to review the questions, especially the ED ones, we can discuss our approach.

Thanks.

Maia

Maia,

Thanks again for the IESO's assistance with preparing responses to interrogatories in respect of the IESO's analysis of Pickering extended operations.

It would be greatly appreciated if IESO could please prepare a response to the following intervenor IRs by Wednesday, October 12 (as discussed, completion by that date on a best efforts basis):

- CCC 34
- GEC: 43, 44, 45, 56
- VECC: 29(a)(b)(c)
- ED: 28-43

OPG is planning to draft a response to GEC 17 and GEC 18 and to request IESO's review when those draft responses are available.

The IRs are included in the attached documents. I will provide response templates shortly.

Thanks,
Bryan
