Please find attached the 2017 Long-Term Energy Plan which was released today. It can also be found on the Ministry's website:

Summary:

<https://news.ontario.ca/mei/en/2017/10/2017-long-term-energy-plan.html>

Full report:

<https://www.ontario.ca/document/2017-long-term-energy-plan>

My understanding is that the implementation plan directives to the IESO/OEB will also come out some time today. LTEP modules will be published in early November.

Thank you to everyone for your efforts towards the development of this product – almost a year in making. Although the LTEP is a Ministry document, the Planning team was the primary supporting business unit in the modelling and analysis and played a significant role in shaping the content of the report – building upon the work we started with the 2016 Ontario Planning Outlook.

Cheers,
Bashir
