Subject: Energy Panel Breakfast October 31 - Oct. 26 Program with Questions for Panelists

Good morning Energy Panel Breakfast panelists,

Please find below a note from my President, Graham Campbell:

Greetings from the Energy Council of Canada.

In preparation for the planning call on Friday, attached is a revised program. We learned yesterday that we have been limited to one hour by the IEFA organizers, so the timing of each item on the program has been trimmed accordingly.

I have also drafted a few questions for the panel discussion. Have a look at these and give some thought to others that might be asked. I will select the questions during the discussion based on what you say during your opening remarks and on the time available. Also attached are the slide deck we will be using for your reference.

Standing by on the release of the *Long-Term Energy Plan* expected later today.

Looking forward to our call tomorrow at 3:00 PM in London and 10:00 AM here.

With best regards,

Graham Campbell
President
Energy Council of Canada
