Subject: RE: Minister Thibeault Event Funding
Attachments: SponsorshipTracking_EnergyMinisterEvent_28Nov2017_v2.xlsx; Sponsorship Request for YPE event: Hon. Glenn Thibeault, Minister of Energy, speaking on LTEP

Hi all,

Attached is wording I used for a sponsorship request email – feel free to adapt for your own purposes. I [highlighted] sections which need to be customized.

By the way, I'd like to reach out to Alectra – I know they aren't located downtown, but still GTA, and there's definitely a lot in the LTEP informed by/relevant to them.

Pls let me know if you have strong contacts at Alectra – otherwise, I will contact Neetika Sathe, Director, Emerging Technologies (formerly at PowerStream). (I know her peripherally through a project & APPRO committee, and she was in audience & very engaged in our APPRO presentation last year)

FYI the LTEP was released this morning - <https://news.ontario.ca/mei/en/2017/10/ontarios-long-term-energy-plan-delivers-fairness-affordability-and-choice.html>

Many thanks,
Mabel

Subject: YPE Oct-Nov Priority Action Items

Hi all,

I have several action items under 2 main tasks that I need your support with. Below is a summary, & more detail follows. Full disclosure: this is a long email! It includes some high priority items, but no need for everyone to read all of it.

Please read the full summary & then skip to the relevant detail sections if/as needed.

Summary:

1. Sponsorship for Minister of Energy LTEP event: 28 Nov, 2017 at McCarthy Tétrault

Action Items:

- Please let me know if you have any comments/suggestions on the attached brochure (pdf & docx versions attached)
- **[Everyone]** Please approach your employer and/or your contacts at other organizations for sponsorship, & sign up to the attached tracking list so that we can coordinate efforts.
- Request for a volunteer(s): to lead & coordinate the sponsorship effort (e.g. keep tracking list up to date, find people to fill gaps, send reminders)

2. Exec Committee Transition

Action Items:

- Please review 'Exec Expectations' (attached) and let me know if you have comments or suggestions – it outlines expectations to give to people interested in joining the committee, and also outlines our new division of roles.
- **[Everyone]** Please confirm if you would like to remain an Exec team member or transition to an Advisor role (relative time commitments/responsibilities outlined in the attached)
- Call for volunteers: Need a small group to lead the selection process for new exec committee members – e.g. review applications, summarize applicants & share for exec review & feedback, organize interviews, etc

Timelines: Start pursuing sponsorship ASAP, & please respond to the remainder by the end of this week (NB. No need to wait to start distributing the attached sponsorship materials – we can revise later if/as folks send comments).

Please see below for more detail on the above action items + timelines.

I've tried to segment info to avoid a TLDR scenario – we have a lot on the plate!

FYI We also have the Nov 14th Wind event and Nov 20th APPrO upcoming, + a few other outstanding tasks – so stay tuned for more on those fronts, but this email is the current highest priorities.

Reminder: Currently our next mtg is **Mon, Nov 6th**. Please assume our monthly meetings are on normal Mon/Wed alternating schedule until/unless you hear otherwise – I'd appreciate a volunteer to take on the meeting schedule survey (it's on my backburner at the moment).

Thanks!!

Mabel

In more detail:

1. Sponsorship for Minister of Energy LTEP event: 28 Nov, 2017 at MT

Note: Targeting Tuesday (Oct 31) for the 1st email invite (4 weeks notice); we will advertise 'limit of 100 tickets, so act quick' (if we reach 100, we'll figure out if we want to expand or no...& celebrate!)

The aim for this event is to ask for sponsorship (at the \$1,000 level) from as large & broad a group of companies as possible, to convey our broad reach and so that no individual group is significantly out of pocket. We should confirm upfront that sponsors are happy for any surplus \$\$s after the event to be used for future YPE activities & events (or agree on an alternate arrangement that is administratively simple).

As discussed at last month's meeting, we should also use this as an opportunity to discuss support of YPE more broadly since our focus for Q4 is sponsorship (we have an almost-zero bank balance) – this event gives a good reason to start the conversation.

We will include sponsors' logos in the event invites if/as we get confirmation – i.e. anyone who confirms by Monday will be included in the 1st email on Tues, & the other invites will likely go out 2 weeks, 1 week & a few days ahead of event. Given the wind event & APPRO also in Nov, we may also tack on a reminder to additional emails but I will be aiming to combine some of them to avoid flooding our listserv. (Note: We will include the details of the December Guy Holburn / Ivey event that Heloise emailed about in one or more of these emails)

I've attached a preliminary list of Organizations to reach out to in excel. Please add your own employer, and any others you have connections with who you think might be willing to sponsor. Please add your name alongside the relevant orgs and coordinate directly with the other ppl listed – so you can leverage the best connections, discuss approach, etc. E.g. Mark Olsheski (who has helped organize this event) offered to approach OPG & Hydro One, so if anyone has connections there please coordinate with him (& Lyla).

You can use the attached pdf brochure to support the ask, and also the YPE Toronto Overview pdf. I have not yet developed a cover letter for the ask related to this specific event – if anyone does this, please share with the group. If I'm the first to do it, I'll do the same. I'm happy to participate in a call or meeting to support the request if helpful.

I will put the excel tracking document on the dropbox – or feel free to email updates to the group or to me directly. Also pls add any other columns you feel would be useful (e.g. perhaps primary contact(s) at the organization).

Additional action items:

Need a **volunteer** to put sponsor logos up on website. (Plus a general refresh of website would be great, although less critical – e.g. update the events listings, collect & post recent event photos, etc)

Also we should get active on LinkedIn – need a **volunteer/the social media subcommittee** to take lead on this.

2. Exec Committee Transition

As we bring on board new folks, this is an opportunity for everyone to get on the same page re what our roles & responsibilities are, & reshuffle roles if/as needed. Please see the attached 'expectations' doc for review/comment, & confirm which role you would like to fill.

We've had some good applications to join the exec but I am currently at full capacity with the Nov events, so need **volunteers for a subcommittee** to lead the applicant review/selection process.

Re timeline/steps:

- Initial review
- Summarize applicants (e.g. name, affiliation, brief notes) & circulate amongst exec + advisory committee for feedback via email (*Timeline: Definitely before next exec mtg, Nov 6*)
- Contact applicants for interview, & conduct interviews
- Present final recommendations/feedback to exec committee to make selection decisions (*Timeline: Ideally at the next exec mtg, Nov 6 – if not, can make final decision via email/subcommittee meetings & aim to make notifications to new execs before the Dec mtg*)

Hi all, I'm not going to be able to get away from my desk.

For the EV event, overall structure would be a test drive, followed by a talk and networking session.

- Test drive portion would take about 1.5 hrs for 30 people.
- Location is 1126 Finch Avenue West, North York, Ontario, M3J 3J6 [map](#)
- They have the Bolt, Volt, BMW i3, Nissan Leaf and Ford Cmax. No Tesla

- We're talking about a weekend date because of traffic after work – what are a few dates that could work for people?
- talk could be about intersection of EVs with smart grid technologies and storage. Any other ideas? I think we leave this to Cara

I'll lock something down in the next week or two!
