No not for AG I am responding to a questionnaire from OPG lawyers re IESO role in fair hydro. But as you mention it, can I assume there is a plan to prep peter? I was thinking that providing peter with the hansard of the estimates committee might give him an idea of questions and answers

Did you not send me all the estimates material electronically? I was looking for some words around our settlements role? If you can get easily in a few minutes great if not no worries I can find something
