Subject: more tweets about AG

Hi,
Here are a few more tweets of note since last night.

.@IESO Tweets has duties/powers 2 set/police rules of Ontario's power market. It's now obvious the IESO keeps phoney accounts for partisan electoral reasons. No reason to trust the IESO's other work. The IESO has to be gutted and rebuilt or absorbed by Min. of Energy. [#onpoli](#)

History proved AG right or understated re. smart meters, conservat'n prog's, power misplanning, OEB/IESO nonindependence, gas scandal, junk renewable gen'n, H1 mismanagem't, 'Fair Hydro' scam. Now Wynne sez AG wrong re. electricity contribution to the deficit. Who's credible?

Dear Ontario Liberal government: When your BEST argument is that a consulting firm & a panel of 'experts' YOU HIRED is more credible when it comes to your 'bogus' accounting practices than the independent, non-partisan Auditor General of Ontario, you've lost the debate. [#onpoli](#)
