Flag: Follow up

Bashir,

Attached are the updated LTEP Modules 1 through 6 and the IESO's responses to ENERGY's comments. Changes made to the Excel files are highlighted and IESO responses are in green in the Word document.

Please note that the IESO is looking into the last comment of the Conservation Module. A response for that item is forthcoming. This is indicated in the Word and Excel file.

Furthermore, as discussed with ENERGY staff, the IESO is seeking further clarity on the request on the last comment of the Cost Module. This is indicated in the Word document.

The Transmission Module 4 and Emissions Module 6 did not change from last time, but are included for completeness.

The attachments are also in our project folder:

S:\Resource Integration\Projects\2017 Long-Term Energy Plan\2017 LTEP Modules\Modules sent to ENERGY in November

Thanks everybody for providing the responses.
