Hi David – just wanted to follow up on this – do you know if we are going to be formally responding to Erin's email below?

Thanks,
Reena

Subject: Letters of Support for Ontario Solar Program

Dear Peter,

On behalf of Wes Johnston, Vice President of the Canadian Solar Industries Association (CanSIA), please find the attached letters of support for the Ontario solar program written by active members of the Ontario solar industry.

These letters have already been sent to the Honourable Kathleen Wynne, Premier of Ontario; the Honourable Chris Ballard, Minister of the Environment and Climate Change; the Honourable Glenn Thibeault, Minister of Energy; and, the writer's local MPP.

The letters highlight the leadership role of the Ontario government in building a strong solar industry and advocate for the immediate launch of a solar rebate program in Ontario that includes residential, commercial, industrial, and institutional installations.

You will find over 50 letters, written by LDCs, NGOs and members of the Ontario solar industry (arranged in that order), sent from December 15 to the present.

Please let us know if you have any questions. Thank you in advance for your consideration.

All the best,
Erin

C.C. Terry Young, IESO
