Subject: RE: 2017 LTEP Modules
Attachments: 2017 LTEP Module 3 - Supply 2017-10-24.xlsx; 2017 LTEP Module 5 - Cost 2017-10-24.xlsx

Further to yesterday's email, please find attached Module 5 – Costs. Also, attached is an updated version of Module 3 – Supply which incorporates the data on storage. Once the module decks are developed by the Ministry, hoping we have an opportunity to review it before it's posted.

In addition, we haven't seen a final version of tables and figures for the LTEP itself. In past LTEPs, we had gone through a sign-off process which I'm not aware has taken place this time around. The data in the modules is consistent with the data we had provided to Ministry earlier in the summer. I would suggest Ministry consider checking the LTEP document against the module data to ensure the data in the LTEP is still consistent.
