

Agenda Item - Summary

Date of Meeting: August 29, 2017

Agenda Item: 2017 Revenue Requirement Update

Nature of Issue: IESO Core Business Activity

Executive Summary: The Ontario Energy Board (OEB) is in the process of reviewing the IESO's proposed 2017 expenditure and revenue requirement and the fees it proposes to charge. The OEB has now finalized the issues list defining the scope of this regulatory proceeding. Of interest to intervenors were the Market Renewal Program (MRP) and oversight of IESO programs. In its decision, the OEB indicated that the review of 2017 operational costs related to the MRP should include consideration of the *scope and timing of the overall project*. The OEB did not include oversight of IESO programs in the final issues list.

Significant Issues: Market Renewal Program and independent oversight of the IESO

Decision being Sought: None
