Flagging as we've not really posted opposition speeches to the HUB in the past, and posted typically only those speeches from the Minister that directly reference the IESO.

Subject: OEA Speeches - PC Leader Patrick Brown and Minister Thibeault

Good morning. As most of you know, yesterday the Ontario Energy Association hosted its annual conference in downtown Toronto. Attached are two keynote addresses, delivered respectively by Patrick Brown, Leader of the Ontario PC Party, and the Honourable Glenn Thibeault, Ontario's Minister of Energy. Both speeches provide a good reflection of the stance of each party as they approach not only the release of the PC platform and the Ontario Long-Term Energy Plan, but also the June 2018 general election.

Hopefully this information is helpful. Please let us know if you have any questions.

All the best,

Chris Benedetti
