Good Evening,

The agenda and meeting materials are now available for the October 19th Mid-Term Review Advisory Group meeting.

This meeting will include a discussion on the market research results, non-energy benefits and a breakout session on future options.

We ask that Advisory Group members review the attached materials in advance of the meeting and come prepared for an interactive and engaging discussion next Thursday.

If you wish to submit written comments on any of the enclosed documents, please do so by **October 27th, 2017**. Note that as part of the IESO's engagement process, all written feedback is sent to our stakeholder engagement group (engagement@ieso.ca) and posted on the engagement webpage so that any comments that may result in changes are managed in a transparent way. Following consideration of all comments, the IESO will post a response for discussion at the next Mid-term Review Advisory Group meeting.

Please confirm attendance by end of tomorrow. If you have not already done so, please confirm your attendance by responding to the meeting invitation so that we can make the necessary arrangements for the meeting room. *Note:* St. Andrew's Club and Conference Centre has changed names to Vantages Venue. While attendance in person is preferred, if you are unable to attend in person please email kathi.whiston@ieso.ca to receive the teleconference details. *Teleconference will only be available until noon for this meeting as the interactive session in the afternoon will require in-person participation.*

The following meeting materials are attached and will be posted shortly to the [Conservation Framework: Mid-Term Review engagement webpage](#).

- Notes from September meeting
- Agenda for October meeting
- Revised Topic Summary: Budgets, Targets and Cost-effectiveness (Part I)
- *Revised Topic Summary: Budgets, Targets and Cost-effectiveness (Part II) (To be sent next week)*
- Market Research Interviews: Final Report
- Non-energy Impacts Study Results
- Update on next Achievable Potential Study
- Workshop Session Guide

Regards,

Nik
