Hi Peter ---

Typically it is prepared for IESO internal use only and posted on the HUB; employees are directed not to distribute the report externally. However, most, if not all, of the source data cited in the reports is available from public sources.

I've attached both the 2016 and 2015 reports for your reference.

Sure. Does this document get distributed outside of the company?

Yes it's typically created every year (and has been for the last few years) and is read closely by the Board. Do you want the 2015 report as well?

Thanks Reena. Do you know if there are plans to create this document on an annual basis?

As requested, attached please find the most recent **Reading of the World** document, authored by Ali Golriz (in Joanne's group). (In prior years it was authored by Edward Arlitt (in Leonard's group)).
