Subject: For review Wednesday: Draft Fair Hydro Communications Plan

Hi all,

Attached is a draft communications framework for the Fair Hydro Plan. We are scheduled to present the plan at this Friday's Special Committee Meeting.

We have positioned this as a **draft** communications framework. The idea would be to receive feedback from the committee, then start to develop the actual communications materials. The plan hasn't been reviewed by the government at this point – not sure if they've started to think about communications yet. So this will clearly be fluid over the next few weeks.

Please let me know if you have any comments by end of day tomorrow. Then we will incorporate any changes and provide to Board Thursday morning.

Thanks!

Jennifer Rowe
