Subject: Fw: EXTERNAL – Ontario Fair Hydro Plan
Attachments: Fair Hydro Act (April 15 2017) Consultationv4.docx; Concordance - summary to bill (April 15, 2017).docx; Excerpt EA OEBA Consequential Amendments.docx; TOR_2528-#23107566-v13-_Fair_Hydro_Act_.docx; TOR_2528-#23107566-vpdf-_Fair_Hydro_Act_.pdf

Lisa

Further to your communications with Ken, please find attached the 1st draft of the legislation package prepared by the Province. We will be meeting with them this afternoon to provide comments on the draft. As noted below there is still work to be done to bring the draft legislation in-line with the current thinking.

If you have any thoughts or comments on the package please let us know as that would be appreciated

Regards

John

All - Please find attached the draft "Intergenerational Fairness in Hydro Rates Act, 2017". A tremendous amount of work has gone into getting to this draft and much more work is required to get this ready for the House. The goal of sharing this document now is to further the process we have engaged in over the last weeks. In the attached, we have included notes to try to address where the drafting is not yet consistent with our thinking. These notes are neither comprehensive nor complete. They are intended only as flags and as colour to the draft. We have not forgotten the comments that you have already provided and we are continuing to working through the translation of the commercial terms we have been discussing into legislative language.

For ease of reference, included with the draft bill are the partially updated Blakes' summary, a chart that attempts links the articles in that document to the sections of the bill (which is imperfectly numbered at best) and excerpts from the Electricity Act and the Ontario Energy Board Act, related to the consequential amendments.

In your review, please focus on the broad stroke concepts, rather than the minutia, and keep in mind the cascade of instruments that will be required – legislation first, then regulations and finally commercial agreements. We look forward to discussing the broader concepts on Monday
