Hi John & John,

The Minister's office has asked us if we could put together a list of most/all of the 18 jurisdictions mentioned below when it comes to GA refinancing and its accounting practices:

- External accounting experts confirmed that 18 other jurisdictions in North America utilize similar accounting practices in the electricity system, offering strong legal and financial frameworks to guide Ontario's own proposal.

They're familiar with Long Island and Duke, but looking for more examples that we can point to. It's not urgent, but they are looking for something by end of this week or early next.

I was wondering if you had this list somewhere or could point me in the right direction.

Let me know your thoughts,

S.
