Thank you Janet,

We will make sure that Ryan, Abdel and Deborah are copied on all future correspondence. Thank you very much for the speedy response – we will forward the detailed scheduled as soon as we finalize.

Regards,
 Annette

Hi Annette,

The MOF test data that you have can be used for this testing. Please keep in mind that this is MOF test data and we will be generating Responses based on our test bed. These requests will not go to CRA and therefore the CRA matching rules will not be in effect.

Please send us a copy of your test plan as soon as it is available.

For this round of testing, please ensure that Ryan, Abdel and Deborah are copied on the emails. They will ensure that the test files are picked up, processed and that responses are sent back to you.

Thanks,
 Janet.

Subject: OESP UAT Testing for Release 4.1

Good afternoon everyone,

First, let me wish you a very happy new year and hope that you had joyful holiday season.

I am the new Program Partnerships Advisor for Energy Consumer Programs and I am contacting you to advise that we are continuing with changes to the OESP portal and will be conducting user acceptance testing for Release 4.1. To support execution of UAT 4.1, we are hoping to engage MOF again for help with these tests in the pre-production environment.

When: UAT 4.1 is scheduled to start on January 20th, 2017 (Fri) and end on February 10th, 2016 (Fri). We are working on finalizing a detailed testing schedule and will send it to you as soon as it is available.

What: Attached are the two sets of data that we have on file. We would like to confirm that these can be re-used or if any new data will be provided for this new round of testing.

If you require any further information, please feel free to reach out to us.

Thanks very much,
Annette
