Hi, Shirley.

I just wanted to quickly follow-up on my note below. Will it be possible to obtain data on the number of RPP customers or is that information unavailable (or difficult to obtain).

Thanks again and have a great weekend,
 Andrew

Good afternoon, Shirley.

First, thanks again (to all of you) for taking the time to walk Nancy and I through the RPP report yesterday. We really appreciated your time.

I by no means want to ask you to do more work, however, I am curious to know if it's easy for you to provide the number of RPP customers by month? For clarity; on the tab entitled "OFHP Non-RPP Submission" in the August 31 2017 variance report you demonstrate three columns of data with the headings "\$", "Number of Customers" and "kWh". Are you able to provide us with the "Number of Customers" by month for the RPP customers as well?

This would assist us conduct certain trending analyses we'd like to start performing.

Thanks Shirley and please let me know if you'd like to discuss.

Andrew

Hello Andrew, Nancy,

Unfortunately, 11-11:30 is the only time that works for everyone in our group. Here are some of the available time slots for some future dates. Let me know if any of them works:

October 26: 11-11:30

October 31: 11 to 11:30, 2 to 4pm

November 1 & 3rd: 9 to 11:30

Regards,

Shirley

Good morning, Shirley.

Unfortunately, I cannot make 11-11:30 tomorrow. Nancy and I are free from 1:30-2 or from 2:30-5 tomorrow. Is there a time within those frames that work for you?

Thanks a lot,
 Andrew

Hi Shirley,

Thanks for your email regarding the updated RPP Variance report. I think this looks good, but Andrew

Bishop and I are wondering if it is possible to find 15 mins to chat about the revised report? We just want to be sure that our interpretation of some of the reporting is correct. Can you let me know if there is a good time for us to connect in the next couple days?

Thanks so much!

Subject: RE: OEB RPP Variance Report Template

Good Morning Nancy,

Market Settlements is modifying our existing OEB RPP Variance Report to align with the new changes with regards to Ontario Fair Hydro Act.

Please find the attached modified template for the OEB RPP Variance Report. We used August 2017 report as the sample month for the template.

Changes to the report are the following:

RPP Var. Settlement Factor Calculator tab:

- Changed the tab name "RPP Var. Settlement Factor Calculator" to "RPP Var. Settlement Summary"
- Removed sections at the bottom for the calculation of Final RPP Variance Settlement Factor
- Added two new columns for Non RPP settlement and RPP Variance Balance including Non-RPP Settlement
- Included Non-RPP settlement in the calculation of cumulative RPP IESO Variance

OFHP Non RPP Submission tab:

- Added a column to include the kWh in the report
- \$ number is reversed from negative \$ amount to positive amount

Final Variance Submission tab:

- Removed the tab as it is no long applicable

Please let me know if you have any concerns with the changes.

Regards,

Shirley Gu | Analyst, Market Settlements
